* TAKS results for 2004-2009 are shown at the commended performance standard that corresponded to the scale score of 2400. In 2010, TAKS results are based on vertical scale standards for commended performance at grades 3-8 reading and mathematics, so change calculations between 2004 and 2011 are based on different student standards for these grades. In 2008 and 2009, the TAKS results include TAKS (Accommodated) for science and social studies and all grade 11 subjects. In 2010, the TAKS results include TAKS (Accommodated) for all grades and subjects. TAKS-Modified and TAKS-Alternate results are included in 2011 only.

* Grade 8 science results are not included in either the 2006 or 2007 results shown because they were not used in the 2006 or 2007 accountability system. Grade 8 science results are included in the 2008 – 2011 results shown.
