## Chapter 3 - Performance Index Construction

An accountability framework of four performance indexes provides a comprehensive evaluation of public education at campuses and districts across Texas. The accountability framework measures student performance and delineates areas of strength and needed improvement.

With a performance index, each measure of student performance contributes points to an index score. Each of the four indexes has a score of 0 to 100, based on campus or district performance points, calculated as a percent of the maximum possible points for that campus or district. Targets set by the commissioner of education determine the minimum score required for meeting a performance standard for each index. The index scores provide a rating of overall performance for the campus or district rather than reflecting the weakest performance of one student group or subject area. A key feature of a performance index is that no single indicator can-by itself-result in a low rating because index performance is a culmination of all measures. Multiple indexes can be used in the framework to ensure accountability for every student. Any number of indicators and student groups can also be added to the system without creating additional targets for campuses and districts to meet.

A summary of changes to the accountability index calculation and indicators is provided below. For details on the STAAR and other indicators, see Chapter 4 - Performance Index Indicators.

| Summary of 2015 Index Calculation and Indicator Changes |  |  |  |
| :--- | :--- | :--- | :--- |
| Index | Calculation | Indicators and Measures |  |
| All Indexes |  | Exclusion of assessments for grade 3-8 mathematics, <br> STAAR A, and STAAR Alternate 2 (all grades and subjects) |  |
| Index 1 | No change | Additional ELL test results included |  |
| Index 2 | STAAR weighted <br> progress rate <br> across all subjects | All campuses are evaluated on <br> Index 2; district-level Index 2 <br> results include progress measure <br> results for all campuses within the <br> district | ELL student group includes both <br> current ELLs and ELLs in their <br> first and second years of <br> academic monitoring after exiting <br> ELL status |
| Index 3 | No change | Additional ELL test results included |  |
| Index 4 | No change | College-Ready Graduates indicator replaced with the Postsecondary <br> Component: College and Career Readiness indicator |  |

## Index 1: Student Achievement

Index 1 measures campus and district performance based on satisfactory student achievement combined over all subjects for all students. The total index points and index score are the same: Index Score = Total Index Points. Total points are determined by the percentage of assessments that meet the State of Texas Assessments of Academic Readiness (STAAR) Phase-in 1 Level II standard, meet or exceed the English Language Learner (ELL) Progress Measure, or achieve the equivalency standard on End-of-Course (EOC) substitute assessments.

## Changes for 2015 Accountability

Exclusion of Assessments for Grade 3-8 Mathematics, STAAR A, and STAAR Alternate 2 (all grades and subjects): The Index 1 mathematics measures are based solely on the results of Algebra I EOCs.

Additional ELL results are included: STAAR indicators include test results of ELLs with parental denials for instructional services in Index 1 with no change to the index calculation. Previously, these students were excluded from accountability because an ELL progress measure is not available for ELLs with parental denials for instructional services. Also, STAAR indicators include test results of ELLs who are no longer eligible to receive an ELL progress measure solely due to the requirement that the student's number of years in U.S. schools cannot exceed the student's ELL plan year.

Examples of Index 1 Calculations The four examples below show campuses and districts that test in various subjects depending upon the grades served. Each percentage of students meeting the phase-in satisfactory performance standard contributes one point to the index. Index scores range from 0 to 100 for all campuses and districts.

| Example 1.1 Districts and campuses that test in five subjects: Gr. K-12, Gr. 9-12, Gr. 6-8 |  |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| STAAR Performance | R |  | M* |  | W |  | S |  | SS |  | Total | \% Met Phase-in Satisfactory Standard | Index Points |
| \# Phase-in Satisfactory Standard | 551 | + | 534 | + | 27 | + | 143 | + | 87 | $=$ | 1,342 | 44\% | 44 |
| Total Tests | 984 | + | 988 | + | 353 | + | 354 | + | 356 | $=$ | 3,035 |  |  |
| Index 1: Score |  |  |  |  |  |  |  |  |  |  |  |  | 44 |

* Algebra I only

Example 1.2 Districts and campuses that test in four subjects: Gr. 9-12

| STAAR Performance | R |  | M |  | W |  | S |  | SS |  | Total | \% Met Phase-in Satisfactory Standard | Index <br> Points |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| \# Phase-in <br> Satisfactory Standard | 551 | + | 534 | + | 0 | + | 143 | + | 87 | $=$ | 1,315 | 49\% | 49 |
| Total Tests | 984 | + | 988 | + | 0 | + | 354 | + | 356 | $=$ | 2,682 |  |  |
| Index 1: Score |  |  |  |  |  |  |  |  |  |  |  |  | 49 |

| Example 1.3 Campuses that test in four subjects: Gr. K-5 |  |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| STAAR Performance | R |  | M |  | W |  | S |  | SS |  | Total | \% Met Phase-in Satisfactory Standard | Index <br> Points |
| \# Phase-in Satisfactory Standard | 551 | + | 0 | + | 27 | + | 143 | + | 0 | $=$ | 721 | 43\% | 43 |
| Total Tests | 984 | + | 0 | + | 353 | + | 354 | + | 0 | $=$ | 1,691 |  |  |
| Index 1: Score |  |  |  |  |  |  |  |  |  |  |  |  | 43 |

| Example 1.4 Campuses that test in three subjects: Gr. K-4 |  |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| STAAR Performance | R |  | M |  | W |  | S |  | SS |  | Total | \% Met Phase-in Satisfactory Standard | Index Points |
| \# Phase-in Satisfactory Standard | 551 | + | 0 | + | 27 | + | 0 | + | 0 | $=$ | 578 | 43\% | 43 |
| Total Tests | 984 | + | 0 | + | 353 | + | 0 | + | 0 | $=$ | 1,337 |  |  |
| Index 1: Score |  |  |  |  |  |  |  |  |  |  |  |  | 43 |

## Index 2: Student Progress

Index 2 measures student progress by subject and reports results by student demographics: race/ethnicity, current and monitored ELLs, and special education.

Weighted scores are calculated based on students' level of performance: one point for each percentage of assessment results that Met or Exceeded Progress and one additional point for each percentage of results that Exceeded Progress.

Cumulative performance (Met and Exceeded Progress plus Exceeded Progress) for all subjects contributes from 0 to 200 points to the groups consisting of all students and each student group that meets minimum size criteria. The maximum number of possible points depends on campus type, student population, and demographics. Index 2 is calculated by dividing the total points (cumulative performance) by the maximum number of possible points, resulting in an overall score of 0 to 100 for all campuses and districts.

## Changes for 2015 Accountability

Exclusion of Assessments for Grade 3-8 Mathematics, STAAR A, and STAAR Alternate 2 (all grades and subjects): Reported progress measures from STAAR A are excluded. Index 2 mathematics measures are based solely on the progress measures for Algebra I EOCs.

All Subjects Weighted Progress: The calculation for Index 2 is based on a weighted score that combines available STAAR and ELL Progress Measures across all subjects. The aggregated weighted score combines STAAR and ELL Progress Measures for reading, writing, and mathematics (Algebra I only). The percent met or exceeded progress and percent exceeded progress will be calculated from the combined results. The calculation change reduces the impact of changes to available STAAR progress measures, including new grade 7 writing progress measures.

All Districts and Campuses Evaluated: All districts and campuses-including AECs and charter districts evaluated under AEA provisions-are evaluated on Index 2. The aggregated districtlevel Index 2 results include progress measure results for all campuses within the district.

ELL Student Group: Index 2 includes both current ELLs and ELLs in their first and second years of academic monitoring after exiting ELL status. The current and monitored ELL student group cumulative performance is evaluated if the minimum size criterion is met on the number of current ELLs only.

Examples of Index 2 Calculations The following example shows how the combined STAAR and ELL progress measures results are computed across all subjects.

| Example 2. Index 2 calculation |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Weighted Progress Rate: All Subjects | All | African Amer. | Hispanic | White | American Indian | Asian | Pacific Islander | Two or More Races | Special Ed | ELL | Total Points | Max. <br> Points |
| Number of Tests: | 931 | 64 | 828 |  |  |  |  |  | 75 | 819 |  |  |
| \# Met or Exceeded Progress | 685 | 51 | 621 |  |  |  |  |  | 49 | 614 |  |  |
| \# Exceeded Progress | 186 | 16 | 124 |  |  |  |  |  | 4 | 164 |  |  |
| Percent of Tests: <br> \% Met or Exceeded Progress | 74\% | 80\% | 75\% |  |  |  |  |  | 65\% | 75\% |  |  |
| \% Exceeded Progress | 20\% | 25\% | 15\% |  |  |  |  |  | 5\% | 20\% |  |  |
| All Subjects Weighted Progress Rate | 94 | 105 | 90 |  |  |  |  |  | 70 | 95 | 454 | 1000 |
| Total |  |  |  |  |  |  |  |  |  |  | 454 | 1000 |
| Index 2 Score (total points divided by maximum points) |  |  |  |  |  |  |  |  |  |  | 45 |  |

Note: Blank cells in the examples above represent student group indicators that do not meet the minimum size criteria.

## Index 3: Closing Performance Gaps

Index 3 emphasizes the academic achievement of economically disadvantaged students and the two lowest performing racial/ethnic student groups. The specific racial/ethnic groups are identified by campus or district based on prior year (2014) assessment results.

Tests evaluated include reading, mathematics (Algebra I only for 2015), writing, science, and social studies achievement. One point is given for each percentage of tests meeting the phasein satisfactory performance standard or above on the STAAR assessment. One additional point is given for each percentage of tests meeting the advanced performance standard on the STAAR assessment. The maximum number of possible points depends on the student population and demographics. Index 3 is calculated by dividing total cumulative performance points by the maximum possible points, resulting in an overall score of 0 to 100.

Changes for 2015 Accountability
Exclusion of Assessments for Grade 3-8 Mathematics, STAAR A, and STAAR Alternate 2 (all grades and subjects): Index 3 mathematics measures are based solely on the results of Algebra I EOCs.

Additional ELL results are included: STAAR indicators include test results of ELLs with parental denials for instructional services for Index 3 with no change to the index calculation. Previously, these students were excluded from accountability because an ELL progress measure is not available for ELLs with parental denials for instructional services. Also, STAAR indicators include test results of ELLs who are no longer eligible to receive an ELL progress measure solely due to the requirement that the student's number of years in U.S. schools cannot exceed the student's ELL plan year.

Examples of Index 3 Calculations The following examples illustrate how the weighted performance rate is computed for reading and how the Index 3 outcomes are determined when the results are combined across all subject areas.

Example 3.1. Index 3 calculation for reading weighted performance

| STAAR Weighted <br> Performance Rate | Economically <br> Disadvantaged | Lowest Performing <br> Racial/Ethnic Group -1 | Lowest Performing <br> Racial/Ethnic Group - 2 | Total Points | Maximum <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Number of Tests | 80 | 40 | 25 |  |  |
| \# Phase-in |  |  |  |  |  |
| Satisfactory Standard and above | 80 | 20 | 25 |  |  |
| \# Advanced Standard | 40 | 0 | 25 |  |  |
| $\%$ Phase-in <br> Satisfactory Standard and above | $100 \%$ | $50 \%$ | $100 \%$ |  |  |
| $\%$ Met Advanced Standard | $50 \%$ | $0 \%$ | $100 \%$ |  | 600 |
| Reading Weighted <br> Performance Rate | 150 | 50 | 200 | 400 |  |

Example 3.2. Index 3 calculations for overall score

| STAAR Weighted Performance Rate | Economically Disadvantaged | Lowest Performing Racial/Ethnic Group - 1 | Lowest Performing Racial/Ethnic Group - 2 | Total Points | Maximum Points |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Reading | 150 | 50 | 200 | 400 | 600 |
| Mathematics (Algebra I only) | 125 | 100 | 90 | 315 | 600 |
| Writing | 80 | 90 | 125 | 295 | 600 |
| Science | 120 | 40 | 90 | 250 | 600 |
| Social Studies | 50 | 40 | 80 | 170 | 600 |
| Total |  |  |  | 1430 | 3000 |
| Index 3: Score (total points divided by maximum points) |  |  |  | 48 |  |

## Index 4: Postsecondary Readiness

Index 4 emphasizes the role of elementary and middle schools in preparing students for the rigors of high school. Index 4 also emphasizes the importance of earning a high school diploma that provides students with the foundation necessary for success in college, the workforce, job training programs, or the military.

For non-AEA districts and campuses, Index 4 is based on the following four components with one exception: when data are missing for any of the three non-STAAR components, Index 4 is based solely on the STAAR component. The reason for this is elementary and middle school campuses do not report data on graduation rate, graduation diploma plans, or postsecondary indicators. Elementary and middle school campuses report only STAAR results. Therefore, the

Index 4 evaluation of these campuses is based solely on the STAAR Postsecondary Readiness Standard component.

## Changes for 2015 Accountability

Exclusion of Assessments for Grade 3-8 Mathematics, STAAR A, and STAAR Alternate 2 (all grades and subjects): Index 4 STAAR mathematics measures are based solely on the results of Algebra I EOCs.

Postsecondary Component: The College-Ready Graduates indicator used in previous years is replaced with the Postsecondary Component: College and Career Readiness indicator with no change to the calculation of Index 4.

For districts, high school campuses, and campuses serving grades $\mathrm{K}-12$, the four components of Index 4 are equally weighted.

| Index 4 Components | Weight |
| :--- | :---: |
| 1. STAAR at Postsecondary Readiness Standard | $25 \%$ |
| 2. Graduation Rate (or Dropout Rate) | $25 \%$ |
| 3. Graduation Diploma Plan | $25 \%$ |
| 4. Postsecondary Component: College and Career <br> Readiness | $25 \%$ |

The STAAR Postsecondary Readiness Standard is determined by the percentage of students who meet postsecondary readiness standards on two or more subject area tests. Students tested in only one subject area are required to meet the postsecondary readiness standard on that test for credit in Index 4.

Example 4.1: STAAR Postsecondary Readiness Standard

| STAAR <br> Performance | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More <br> Races | Special <br> Ed. | ELL | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| $\%$ Meeting <br> Postsecondary <br> Readiness <br> Standard | $29 \%$ | $16 \%$ |  | $40 \%$ | $23 \%$ |  | $38 \%$ | $36 \%$ |  |  | 182 | 600 |

The Graduation Rate Score reflects the highest number of points possible from the combined performance across graduation rates for grades $9-12$. The four-year graduation rate, for example, requires tracking the status of a cohort of students from the time they enter grade 9 in 2010-11 through their expected graduation with the class of 2014. A class consists of all members of a cohort, minus students who leave the Texas public school system for reasons other than graduation, earning a General Educational Development (GED) certificate, or dropping out. Points are based on the longitudinal cohort of students used to calculate a fouryear graduation rate or a five-year graduation rate, for all students and all students grouped by race/ethnicity, ELL, and special education. If a graduation rate is not available, then the annual dropout rate is used.

The total points and the maximum number of points are reported for both the 4-year and 5-year graduation rate. The graduation rate that results in the higher graduation rate score is the one used to calculate the Index 4 score.

Example 4.2: Graduation Rate

| Graduation Rate | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More <br> Races | Special <br> Ed. | ELL | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 4-yr. Grad Rate | $84.3 \%$ | $78.8 \%$ |  |  | $78.8 \%$ |  | $91.6 \%$ | $86.0 \%$ | $44.2 \%$ | $69.8 \%$ | 533.5 | 700 |
| 5 -yr. Grad Rate | $85.1 \%$ | $78.8 \%$ |  |  | $80.0 \%$ |  | $92.1 \%$ | $84.0 \%$ | $48.9 \%$ | $77.5 \%$ | 546.4 | 700 |
| Higher Graduation Rate: Score |  |  |  |  |  |  |  |  |  |  |  |  |

The Graduation Plan Score is calculated as a rate based on a longitudinal cohort of students graduating under the Recommended High School Program or Distinguished Achievement Program (RHSP/DAP). If no longitudinal rate is available, the graduation plan score is based on an annual rate of students graduating under the Recommended High School Program or Distinguished Achievement Program (RHSP/DAP).

Example 4.3: Graduation Plan

| Graduation <br> Plan | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More <br> Races | Special <br> Ed. | ELL | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Longitudinal <br> RHSP/DAP <br> Rate | $82.7 \%$ | $76.4 \%$ |  |  | $83.6 \%$ |  | $83.0 \%$ |  |  |  | 325.7 | 400 |

The postsecondary Indicator evaluated in 2014 is replaced with a new indicator with no change to the calculation of Index 4. The Postsecondary Component: College and Career
Readiness Indicator Score is calculated as the percent of annual graduates who 1) met or exceeded the Texas Success Initiative (TSI) criteria in both English language arts (ELA) and mathematics on the Texas Assessment of Knowledge and Skills (TAKS) exit-level test, SAT, or ACT; or 2) completed and earned credit on at least two advanced/dual credit enrollment courses; or 3 ) enrolled in a CTE-Coherent Sequence of courses (including the Tech Prep program).

## Example 4.4: Postsecondary Component: College and Career Readiness

| Postsecondary <br> Component | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More <br> Races | Special <br> Ed. | ELL | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| College and Career <br> Readiness | $82.1 \%$ | $71.1 \%$ |  |  | $78.2 \%$ |  | $89.9 \%$ |  |  |  | 321.3 | 400 | | Postsecondary Component: Score (total points divided by maximum points) |
| :--- |

The Overall Index Score for the four indicators for postsecondary readiness are equally weighted to calculate the overall Index 4 score.

| Example 4.5: Overall Index 4 Score |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
| Index 4 Component | Component Score | Multiply by | Weight of | Total Points |
| STAAR Postsecondary Readiness Score | 30.3 | X | $25 \%$ | 7.6 |
| Graduation Rate Score | 78.1 | X | $25 \%$ | 19.5 |
| Graduation Plan Score | 81.4 | X | $25 \%$ | 20.4 |
| Postsecondary Component Score | 80.3 | X | $25 \%$ | 20.1 |
| Index 4: Score |  |  | 68 |  |

Rounding: Component scores are rounded to one decimal place. Total points for each component are derived by multiplying the component score by $25 \%$ and rounding to one decimal place. The overall Index 4 score is the sum of the total points rounded to a whole number.

## Example 4.6: Index 4 Calculation

## Overall Index Score

| Overall Performance | Component Score | Multiply by | Weight of | Total Points |
| :--- | :---: | :---: | :---: | :---: |
| STAAR Postsecondary Readiness <br> Score | 30.3 | X | $25 \%$ | 7.6 |
| Graduation Rate Score | 78.1 | X | $25 \%$ | 19.5 |
| Graduation Plan Score | 81.4 | X | $25 \%$ | 20.4 |
| Postsecondary Component Score | 80.3 | X | $25 \%$ | 20.1 |
| Index 4: Score |  |  |  |  |

| Indicator | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More <br> Races | ELL | Special <br> Ed. | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## - STAAR Postsecondary Readiness Standard

| • STAAR Postsecondary Readiness Standard |
| :--- |
| \% Meeting           <br> Postsecondary <br> Readiness Standard $29 \%$ $16 \%$  $40 \%$ $23 \%$  $38 \%$ $36 \%$   |
| STAAR Postsecondary Readiness Standard: Score (total points divided by maximum points) |

- Graduation Rate

| $4-$ yr. Graduation Rate | $84.3 \%$ | $78.8 \%$ |  |  | $78.8 \%$ |  | $91.6 \%$ | $86.0 \%$ | $44.2 \%$ | $69.8 \%$ | 533.5 | 700 |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 5 -yr. Graduation Rate | $85.1 \%$ | $78.8 \%$ |  |  | $80.0 \%$ |  | $92.1 \%$ | $84.0 \%$ | $48.9 \%$ | $77.5 \%$ | 546.4 | 700 |
| Highest Graduation Rate: Score |  |  |  |  |  |  |  |  |  |  |  |  |
| Graduation Rate: Score (best of total graduation points divided by maximum points) |  |  |  |  |  |  |  |  |  |  | 546.4 | 700 |

- Graduation Plan

| Longitudinal <br> RHSP/DAP Rate | $82.7 \%$ | $76.4 \%$ |  | $83.6 \%$ |  | $83.0 \%$ |  |  |  | 325.7 | 400 |

| RHSP/DAP: Score (total RHSP/DAP points divided by maximum points) |  |  |  |  |  |  |  |  |  |  |  |

- Postsecondary Component

| College and Career <br> Readiness | $82.1 \%$ | $71.1 \%$ |  | $78.2 \%$ | $89.9 \%$ |  |  |  | 321.3 | 400 |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | | Postsecondary Component: Score (total points divided by maximum points) |
| :--- |

Note: Blank cells in the examples above represent student group indicators that do not meet the minimum size criteria.

## AEA Campuses and Charter Districts Index 4: Postsecondary Readiness

For alternative education campuses (AECs) and charter districts evaluated under AEA provisions, the Index 4 score is based on two components;

- STAAR scores based on the percent of students who meet the postsecondary readiness standard, as defined above
- Four-, five-, and six-year rates for graduates, continuing students, and GED recipients. If a graduation rate is not available, the annual dropout rate is used.

## Changes for 2015 Accountability:

Exclusion of Assessments for Grade 3-8 Mathematics, STAAR A, and STAAR Alternate 2: Index 4 STAAR mathematics measures are based solely on the results of Algebra I EOCs.

Postsecondary Component: The College-Ready Graduates indicator used in previous years is replaced with the Postsecondary Component: College and Career Readiness.

To reach the target established for Index 4, AECs and charter districts apply a weighted evaluation of the two indicators necessary for postsecondary readiness.

| Index 4 Components for AEA Campuses and Charters | Weight |
| :--- | :---: |
| STAAR Postsecondary Readiness Standard | $25 \%$ |
| Graduation, Continuers, and GED Rate or Annual Dropout Rate | $75 \%$ |

Bonus points are added for a longitudinal cohort of students graduated under a four-year RHSP/DAP or the annual rate of students graduated under a RHSP/DAP; a Postsecondary Component; and an Excluded Students Credit. A maximum of 30 bonus points will be added to the final index score.

Example 4.7: Index 4 Composition for AEA charter districts and AECs with a graduation, continuer, and GED rate

| Component | All <br> Students | African <br> Amer. | Amer. <br> Indian | Asian | Hispanic | Pacific <br> Islander | White | Two or <br> More Races | Special <br> Ed. | ELL | Total <br> Points | Max. <br> Points |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| STAAR Postsecondary Readiness Standard |  |  |  |  |  |  |  |  |  |  |  |  |

| \% Meeting <br> Postsecondary <br> Readiness Standard | 51\% | 42\% | 83\% | 55\% | 44\% | 31\% | 56\% | 52\% | 414 | 800 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| STAAR Postsecondary Readiness Standard: Score (total points divided by maximum points) 51.8 |  |  |  |  |  |  |  |  |  |  |

- Graduation, Continuers, and GED Rate

| Bonus Points |  |  |  |
| :--- | :---: | :---: | :---: |
| RHSP/DAP Rate <br> (longitudinal/annual) | $33.3 \%$ |  | 33 |
| College and Career <br> Readiness |  |  | 0 |
| Excluded students credit |  |  | 0 |
| Total Bonus Points (maximum of 30) |  |  |  |

Example 4.8: Overall Index 4 Score for AEA charter districts and campuses with a graduation, continuer, and GED rate

| Overall Performance | Component Score | Multiply by | Weight of | Total Points |
| :--- | :---: | :---: | :---: | :---: |
| STAAR Postsecondary Readiness Score | 51.8 | $X$ | $25 \%$ | 13.0 |
| Graduation, Continuers, GED Rate Score | 61.4 | $X$ | $75 \%$ | 46.1 |
| Bonus Points | 30 |  | 30 |  |
| Index 4: Score |  |  |  |  |

Note: Blank cells in the examples above represent student group indicators that do not meet the minimum size criteria.
Rounding: Component scores are rounded to one decimal place. Total points for each component are derived by multiplying the component score by the respective weights and rounding to one decimal place. Bonus points are rounded to a whole number. The overall Index 4 score is the sum of the total points and bonus points rounded to a whole number.

Example 4.9: Index 4 Calculation for AEA charter districts and AECs with Gr. 9-12 but graduation rate not available

- Overall Index 4 Score

- STAAR Postsecondary Readiness Standard
