Action Required

December 22, 2003

TO THE SUPERINTENDENT ADDRESSED:

Enclosed is a list of schools identified under the Public Education Grant (PEG) Program, authorized under *Texas Education Code*, Chapter 29, Subchapter G, §§29.201 - 29.205, and a description of the methodology used to identify the schools on the list. This list, effective for the 2004-05 school year, identifies campuses at which 50 percent or more of the students did not pass TAAS or TAKS in any two of the preceding three years or were rated *Low-performing* in 2001 or 2002 under the statewide accountability system.

Under the Public Education Grant interdistrict transfer provision, a parent of a student enrolled in any of the campuses listed may make application to attend a campus in any other school district for the 2004-05 school year. A school district chosen by a student's parent under this statute is entitled to accept or reject the application for the student to attend school in that district but may not use criteria that discriminate on the basis of a student's race, ethnicity, academic achievement, athletic abilities, language proficiency, sex, or socioeconomic status. Alternatively, a district may accept interdistrict transfers under Section 25.036 of the *Texas Education Code*. Civil Action 5281 may also limit the ability of districts to accept students to the extent the minority or majority of a school's population, based on ADA, changes by more than one percent.

Notification of eligibility must be provided by February 1, 2004 to each parent of a student in the district assigned to attend a school on the enclosed 2004-05 PEG list. All parental notifications must occur through letters to each student's family. The notice must contain a clear, concise explanation of the Public Education Grant Program and how the parent may obtain further information about pursuing a transfer.

Requirements related to the PEG program concerning the identification criteria, student eligibility, effective dates, notification dates, and funding allotments, are shown below:

Requirement	Explanation
Allotment	For interdistrict transfers, the district educating the child receives an additional weight of 0.1; supplemental funding if costs exceed state aid benefit; limited to net students educated on PEG
Effective Date of PEG Transfers	2004-05 school year
Parent Notification Requirement	February 1, 2004
Interdistrict Transfers	may be refused or accepted by district receiving the transfer request
Intradistrict Transfers	explicitly permitted, although no additional funding is allotted for this type of transfer

Requirement	Explanation
Continued Student Eligibility for Interdistrict Transfer	<p>Student eligibility for PEG transfers is based on assignment to attend a PEG campus in the district of residence. Student eligibility expires upon any of the following three conditions:</p> <ul style="list-style-type: none"> • Completion of all grades on the campus upon which eligibility was originally based • Removal of the campus from the PEG list • Assignment of the student to a campus that is not the PEG list as a result of redrawn attendance boundaries or the student moves into a different attendance area <p>A student can continue to be treated as PEG eligible after expiration of eligibility only if the student has not yet completed all grades on the campus to which the student transferred during the eligibility period.</p>
School Identification Criteria	TAAS/TAKS passing rate < 50% in two of the three preceding years OR rated <i>Low-performing</i> in 2001 or 2002
Transfer Restriction	student may only transfer from a PEG school to a non-PEG school
Tuition Prohibition	Tuition may not be charged to the student's parents/guardian or to the school district of residence.

Because of the manner in which funding takes place using a weight of 0.1, no separate worksheet will be needed to calculate the PEG amount. The district providing educational services to the student will report attendance as it would for any other student. The worksheet for calculation of state aid, which can be found on the TEA web site (www.tea.state.tx.us) under the school finance topic, has been modified to include the PEG funding weight. There are no special accounting requirements or limitations on the use of PEG-related funds. Rules governing access to supplemental funding for districts with property wealth per weighted student above the guaranteed level in TEC §42.302 have been adopted and can be found in 19 TAC §61.1011. Bear in mind that a district is eligible to receive PEG weighted funding only to the extent the number of students accepted on the basis of a PEG exceeds the number of resident students who are educated in other districts on a PEG.

Questions concerning the list and the methodology used to identify schools should be directed to the Division of Performance Reporting at (512) 463-9704. Questions regarding the implementation of the program should be directed to the Division of State Funding at (512) 463-9238.

Sincerely,

Criss Cloudt, Associate Commissioner
for Accountability and Data Quality

Enclosures

METHODOLOGY FOR IDENTIFYING SCHOOLS ON THE 2004-05 PEG LIST *

Schools are included on the list if:

- 1) less than 50 percent of the students passed:
 - a) any reading, writing or mathematics test on the Texas Assessment of Academic Skills (TAAS) or the Texas Assessment of Knowledge and Skills (TAKS), summed across the grades tested at the school
 - b) in any two of the three years: 2001, 2002, or 2003

[This analysis was based on all students tested; performance of student groups was not examined.]

OR

- 2) the school was rated *Low-performing* in either 2001 or 2002.

Notes:

- Alternative education schools, schools with fewer than five students tested on TAAS/TAKS, charter schools, and schools with no TAAS/TAKS data were excluded from the list.
- The TAAS results were those used in the accountability system in 2001 and 2002, which are based on the non-special education students tested in grades 3 – 8 and 10, in reading, mathematics, and writing; special education students tested in grades 3 – 8 and 10, in reading, mathematics, and writing; and, students tested on Spanish TAAS in grades 3 through 6. Only students who were enrolled in the district in late October are included for accountability ratings purposes.
- The TAKS results are based on the non-special education students tested in grades 3– 11, in reading, mathematics, and writing; special education students tested in grades 3- 11, in reading, mathematics, and writing; and, students tested on Spanish TAKS in grades 3 through 6. Only students who were enrolled in the district in late October are included.
- 2001 and 2002 accountability ratings are determined by evaluating performance on two indicators: TAAS results and the annual dropout rate. Therefore, a campus could receive the *Low-performing* rating even though TAAS performance may have been above the minimally acceptable standard.

* *Criteria for the 2005-06 PEG list will be reevaluated in the future given the implementation of the new TAKS testing program in 2003 and a new accountability system in 2004.*

EXPLANATION OF COLUMNS

2003 campuses with less than 50% of the students passing any reading, writing, or mathematics test on the year specific Texas assessment instrument summed across the grades tested at the school in any two of the three years: 2001, 2002, and 2003 or the school was rated *Low-Performing* in either 2001 or 2002

DISTRICT NAME	The district name.
CAMPUS NAME	The most current name of the campus in TEA files.
CAMPUS NUMBER	The nine-digit number used by TEA to uniquely identify each campus in the state.
Identification Years:	
*YR_2001	The reason, if any, that the campus was identified for this list based on 2000-2001 TAAS results or 2001 accountability ratings. The reason codes are explained below.
*YR_2002	The reason, if any, that the campus was identified for this list based on 2001-2002 TAAS results or 2002 accountability ratings. The reason codes are explained below.
YR_2003	The reason, if any, that the campus was identified for this list based on 2002-2003 TAKS results. The reason codes are explained below.
Reasons for Identification:	
R	The TAAS/TAKS passing rate in <i>Reading</i> was below 50 percent for the tested grades at the campus.
W	The TAAS/TAKS passing rate in <i>Writing</i> was below 50 percent for the tested grades at the campus.
M	The TAAS/TAKS passing rate in <i>Mathematics</i> was below 50 percent for the tested grades at the campus.
LP	The campus was rated <i>Low-performing</i> .

* *The 2001 and 2002 ratings were issued in August of those years and were in effect for the following school year. For example, the 2002 ratings were based on TAAS results from the spring of the 2001-2002 school year, and dropout rates from the 2000-2001 school year. The 2002 ratings remained in effect throughout the 2002-03 school year.*
